for your briefest
leisure moment

In today's all too busy, time-crowded world, it isn't easy to make our important leisure moments really count toward mental and physical refreshment . . . that's why we would like to introduce you to today's newest and most rewarding hobby . . . music you play yourself on the Orga-sonic Spinet Organ. Me . . . play the organ?—you'll ask . . . the answer is absolutely *yes!* But don't take our word for it—come in soon. We'll show you that you can play "right away."
